<p>2024 video game</p>

<p>Call of Duty: Black Ops III is a 2024 first-person shooter game developed by Treyarch and published by 🫰 Activision. It is the twelfth entry in the Call of Duty series and the sequel to the 2012 video game 🫰 Call of Duty: Black Ops II. It was released on PlayStation 4, Windows, and Xbox One on November 6, 2024. 🫰 A feature-limited version developed by Beenox and Mercenary Technology that only supports multiplayer modes was released on PlayStation 3 and 🫰 Xbox 360 and was also the final Call of Duty title released on those platforms.</p>

<p>Black Ops III takes place in 🫰 2065, 40 years after the events of Black Ops II, in a world facing upheaval from climate change and new 🫰 technologies. Similar to its predecessors, the story follows a group of black ops soldiers. The game's campaign is designed to 🫰 support 4-player cooperative gameplay, allowing for bigger, more open level design and less corridor shooting. As the player character is 🫰 cybernetically enhanced, players have access to various special activities. The game also features a standalone Zombies campaign mode, and a 🫰 "Nightmares" mode which replaces all enemies as zombies.</p>

<p>Announced in April 2024, the game is the first Call of Duty video 🫰 game released after Activision ended its partnership with Microsoft Studios and instead partnered with Sony Computer Entertainment, which secured the 🫰 timed exclusivity of the game's downloadable content. Upon release, the game received generally positive reviews from critics, praising the gameplay, 🫰 Zombies mode, and amount of content. However, it was also criticized for its story and lack of innovation. The seventh-generation 🫰 console versions in particular were singled-out for their lack of a campaign and numerous features, as well as them being 🫰 online-only. It was a commercial success, with it becoming the top-selling retail game in the US in 2024, and one 🫰 of the most successful titles released for the eighth generation of video game consoles.</p>

<p>Following the years after its release, Black 🫰 Ops III has gained a cult following and the online modes still remain active, with an average of over 10,000 🫰 players a month.[2][3][4][5] A sequel, Call of Duty: Black Ops 4, was released on October 12, 2024.</p>
